§ 655.740 What actions are taken on labor condition applications?

(a) *Actions on labor condition applications submitted for filing.* Once a labor condition application has been received from an employer, a determination shall be made by the ETA regional Certifying Officer whether to certify the labor condition application or return it to the employer not certified.

(1) *Certification of labor condition application.* Where all items on Form ETA 9035 or Form ETA 9035E have been completed, the form is not obviously inaccurate, and in the case of Form ETA 9035, it contains the signature of the employer or its authorized agent or representative, the regional Certifying Officer shall certify the labor condition application unless it falls within one of the categories set forth in paragraph (a)(2) of this section. The Certifying Officer shall make a determination to certify or not certify the labor condition application within 7 working days of the date the application is received and date-stamped by the Department. If the labor condition application is certified, the regional Certifying Officer shall return a certified copy of the labor condition application to the employer or the employer's authorized agent or representative. The employer shall file the certified labor condition application with the appropriate INS office in the manner prescribed by INS. The INS shall determine whether each occupational classification named in the certified labor condition application is a specialty occupation or is a fashion model of distinguished merit and ability.

(2) *Determinations not to certify labor condition applications.* ETA shall not certify a labor condition application and shall return such application to the employer or the employer's authorized agent or representative, when either or both of the following two conditions exists:

(i) *When the Form ETA 9035 or 9035E is not properly completed.* Examples of a Form ETA 9035 or 9035E which is not properly completed include instances where the employer has failed to check all the necessary boxes; or where the employer has failed to state the occupational classification, number of non-immigrants sought, wage rate, period of intended employment, place of intended employment, or prevailing wage and its source; or, in the case of Form ETA 9035, where the application does not contain the signature of the employer or the employer's authorized representative.

(ii) *When the Form ETA 9035 or ETA 9035E contains obvious inaccuracies.* An obvious inaccuracy will be found if the employer files an application in error—e.g., where the Administrator, Wage and Hour Division, after notice and opportunity for a hearing pursuant to subpart I of this part, has notified ETA in writing that the employer has been disqualified from employing H-1B non-immigrants under section 212(n)(2) of the INA or from employing H-1B1 non-immigrants under 212(t)(3) of the INA. Examples of other obvious inaccuracies include stating a wage rate below the FLSA minimum wage, submitting an LCA earlier than six months before the beginning date of the period of intended employment, identifying multiple occupations on a single LCA, identifying a wage which is below the prevailing wage listed on the LCA, or identifying a wage range where the bottom of such wage range is lower than the prevailing wage listed on the LCA.

(3) *Correction and resubmission of labor condition application.* If the labor condition application is not certified pursuant to paragraph (a)(2) (i) or (ii) of this section, ETA shall return it to the employer, or the employer's authorized agent or representative, explaining the reasons for such return without certification. The employer may immediately submit a corrected application to ETA. A "resubmitted" or "corrected" labor condition application shall be treated as a new application by the regional office (*i.e.*, on a "first come, first served" basis) *except that* if the labor condition application is not certified pursuant to

paragraph (a)(2)(ii) of this section because of notification by the Administrator of the employer's disqualification, such action shall be the final decision of the Secretary and no application shall be resubmitted by the employer.

(b) *Challenges to labor condition applications.* ETA shall not consider information contesting a labor condition application received by ETA prior to the determination on the application. Such information shall not be made part of ETA's administrative record on the application, but shall be referred to ESA to be processed as a complaint pursuant to subpart I of this part, and, if such application is certified by ETA, the complaint will be handled by ESA under subpart I of this part.

(c) *Truthfulness and adequacy of information.* DOL is not the guarantor of the accuracy, truthfulness or adequacy of a certified labor condition application. The burden of proof is on the employer to establish the truthfulness of the information contained on the labor condition application.

§ 655.750 What is the validity period of the labor condition application?

(a) *Validity of certified labor condition applications.* A labor condition application which has been certified pursuant to the provisions of § 655.740 shall be valid for the period of employment indicated on Form ETA 9035 or ETA 9035E by the authorized DOL official. The validity period of a labor condition application shall not begin before the application is certified (whether through the FAX submission or U.S. Mail submission of the Form ETA 9035, or the electronic submission of the Form ETA 9035E) or exceed three years. However, in the event employment pursuant to section 214(m) of the INA commences prior to certification of the labor condition application, the attestation requirements of the subsequently certified application shall apply back to the first date of employment. Where the labor condition application contains multiple periods of intended employment, the validity period shall extend to the latest date in-

dicated or three years, whichever comes first.

(b) *Withdrawal of certified labor condition applications.* (1) An employer who has filed a labor condition application which has been certified pursuant to § 655.740 of this part may withdraw such labor condition application at any time before the expiration of the validity period of the application, provided that:

(i) H-1B nonimmigrants are not employed at the place of employment pursuant to the labor condition application; and

(ii) The Administrator has not commenced an investigation of the particular application. Any such request for withdrawal shall be null and void; and the employer shall remain bound by the labor condition application until the enforcement proceeding is completed, at which time the application may be withdrawn.

(2) Requests for withdrawals shall be in writing and shall be directed to the ETA service center at the following address: ETA Application Processing Center, P.O. Box 13640, Philadelphia PA 19101.

(3) An employer shall comply with the "required wage rate" and "prevailing working conditions" statements of its labor condition application required under §§ 655.731 and 655.732 of this part, respectively, even if such application is withdrawn, at any time H-1B nonimmigrants are employed pursuant to the application, unless the application is superseded by a subsequent application which is certified by ETA.

(4) An employer's obligation to comply with the "no strike or lockout" and "notice" statements of its labor condition application (required under §§ 655.733 and 655.734 of this part, respectively), shall remain in effect and the employer shall remain subject to investigation and sanctions for misrepresentation on these statements even if such application is withdrawn, regardless of whether H-1B nonimmigrants are actually employed, unless the application is superseded by a subsequent application which is certified by ETA.

(5) Only for the purpose of assuring the labor standards protections afforded under the H-1B program, where an employer files a petition with INS under the H-1B classification pursuant
